Technical Skills

Languages: JavaScript, TypeScript, Python, SQL

Technologies: React.js, Next.js, Node.js, Tailwind CSS, Express.js, ShadCN, Git, Github, Postman, Figma, VS code

Databases: PostgreSQL, MongoDB

Experience

Maestro Intellect

Jan 2025 – Apr 2025

Full-Stack-Intern

Pune, Maharashtra

- Developed and maintained RESTful APIs using Node.js and Express, improving request handling efficiency by 20%.
- Built responsive user interfaces using React and Tailwind CSS, enhancing usability across desktop and mobile devices.
- Collaborated with backend and frontend team members to implement new features, reducing development turnaround time by 15%.
- Optimized database queries and data models using MongoDB/PostgreSQL, reducing API response time by 25%.

Projects

Muzer | Next.js, TypeScript, PostgreSQL, Tailwind CSS, Motion

[Live] [GitHub]

- Led the development of "Muzer," a collaborative music streaming platform built with Next.js and TypeScript, enabling 20+ active users to add songs and vote in real time.
- Designed and implemented scalable backend APIs with PostgreSQL to manage song data, voting logic, and playlist updates, improving data retrieval performance by 30%.
- Built a responsive, mobile-first user interface using Tailwind CSS, increasing user engagement and interaction by 35%.

Excalidraw CI | React.js, TypeScript, Express.js, PostgreSQL, Tailwind CSS

[GitHub]

- Built a real-time collaborative drawing application using React and WebSockets, enabling multiple users to draw simultaneously.
- Implemented shared rooms with live synchronization to ensure consistent canvas updates across all connected users.
- Designed an intuitive drawing interface supporting shapes, freehand drawing, and real-time cursor updates.

Nex-Store | React.js, Express.js, MongoDB, Tailwind CSS, Motion

[Live] [GitHub]

- Developed a full-stack web platform using React, TypeScript, Express.js, and MongoDB to manage dynamic product and user data.
- Built responsive, mobile-first user interfaces with Tailwind CSS, ensuring seamless experience across devices.
- Implemented backend APIs with Express.js to handle data flow, authentication, and application logic.
- Optimized frontend performance and UI interactions to deliver a smooth and scalable user experience.

Education

SRTMUN

Bachelor of Computer Applications. (GPA: 9.12 / 10.00)

July 2020 – May 2023

Latur, Maharashtra

Savitribai Phule Pune University

Master of Computer Applications. (GPA: 7.48 / 10.00)

Aug 2023 – June 2025

Pune, Maharashtra
